SUMMARY

Dedicated front-end developer with a relentless passion for learning and a commitment to crafting unique solutions to address diverse challenges. Adept at transforming innovative ideas into exceptional, user-centric products. Committed to continuous growth and driven by a desire to contribute to meaningful problem-solving in the digital world.

EXPERIENCE

Web Development Tutor | Teens Can Code

February 2023 - July 2023, Lagos, Nigeria

- Developed and taught a comprehensive web development curriculum to public high school students that resulted in over 80% of students completing the course and learning new technologies.
- Mentored and guided 15+ individual students to exceed their academic goals by implementing tailored study plans and providing ongoing support; achieving an average grade improvement of 20% within one term.
- Successfully helped students develop strong web development skills such as HTML, CSS, and JavaScript.

Frontend developer | Zuri

May 2022 - September 2022, Lagos, Nigeria

- Streamlined code review process for 10+ developers to ensure adherence to company's coding standards; reduced development time by 20% and increased efficiency by 15%.
- Proven track record of driving impactful outcomes by collaborating effectively within cross-functional teams and skillfully communicating with non-technical stakeholders.
- Enhanced user engagement by implementing cutting-edge HTML, CSS, and JavaScript techniques to create visually stunning and intuitive web interfaces; reduced bounce rate by 40% and increased average session duration by 50%.

PROJECTS

Casmi Store | Fashion

<https://casmi-store.netlify.app/>, November 2022 - December 2023

- Designed and developed an engaging and user-friendly frontend interface for an online fashion store, providing customers with a seamless shopping experience.
- Engineered the website utilizing a cutting-edge blend of HTML, CSS, and JavaScript and seamlessly integrated powerful APIs from Unsplash and Google, empowering users with an immersive digital experience.

FixMyRide | Automotive

<https://fixmyride.netlify.app/>, April 2023 - May 2023

- Developed and executed the frontend interface for a cutting-edge online platform, revolutionizing the automotive industry by enabling car owners to effortlessly schedule appointments with capable mechanics; boosted accessibility, convenience, and overall customer satisfaction levels significantly.
- Utilized the capabilities of HTML, CSS, and JavaScript to craft a smooth and adaptive user interface, prioritizing user convenience and operational efficiency.
